02 PERSONALITY

Soft & feminine, with a bold streak

Four traits that decide how everything looks, sounds and feels. When a choice is unclear, choose the one that's more *Nail it*.

**Soft & sweet**

Pretty pinks, rounded letters, a warm and caring tone. Never cold or clinical.

**Bold & trendy**

On top of every trend — chrome, French, jelly, 3D charms. Confident, never shy.

**Made for you**

Every set is personal. The brand speaks one-to-one, like a friend with great taste.

**Easy & honest**

Simple to order, fair on price, no fuss. Approachable beauty without the markup.

03 LOGO

The signature.

The wordmark *Nail it by K* paired with the hand-and-polish mark is the heart of the brand. Give it room and let the pink do the talking.

Primary lockup

Use the full *Nail it by K* lockup wherever you can — profile pictures, packaging cards, delivery notes and the front of every post. It works best over the brand pink gradient or a clean cream background.

Tip: ask for a transparent PNG / vector version of this mark so it can sit cleanly on any photo without its own pink box. (Good next step — see the note at the end.)

CLEAR SPACE & MINIMUM SIZE

Always leave breathing room around the logo — at least the height of the “K” on every side. Don't let captions, stickers or photo edges crowd it.

PACKAGING • 120PX+

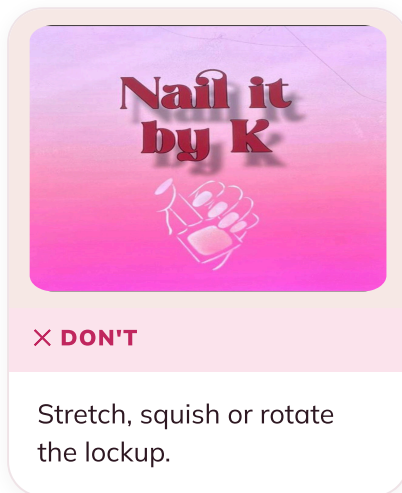

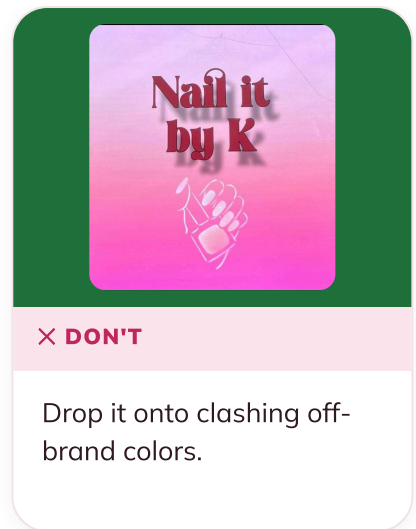

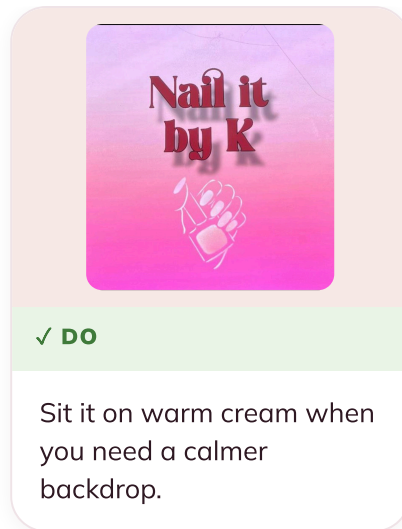

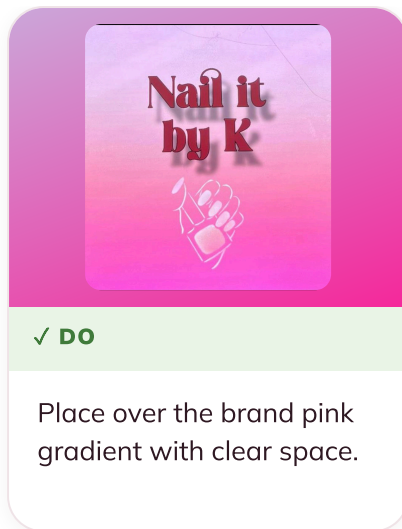

PROFILE • 72PX+

MIN • 44PX

Never use the logo smaller than 44px tall — below that the hand mark turns to mush.

DO & DON'T

04 COLOR

A pink that knows how to dress up.

The pink family comes straight from your logo gradient. To stop it feeling one-note, it's grounded by a deep **Wine**, a warm **Cream** and a **Champagne Gold** accent — a far richer pairing than burgundy alone.

THE PINK FAMILY

Lilac Mist

#CBA6D9

Soft top of the gradient · airy backgrounds.

Orchid

#E58FC9

The dreamy mid-tone · washes & tints.

Bubblegum

#FF82BE

Sweet & playful · highlights, hearts.

Flamingo

#FF5AA6

The lively step before full magenta.

Magenta

#F5279A

Primary brand pink · buttons, links, energy.

ANCHORS & NEUTRALS

Wine

#7C1D3C

Plum Ink

#2E1822

Warm near-black · all body text.

Cream

#FBF3EF

Mauve Grey

Champagne Gold

#D9A86A

Accent · small premium touches only.**HOW MUCH OF EACH**

Cream 55%

Pink 25%

Wine 12%

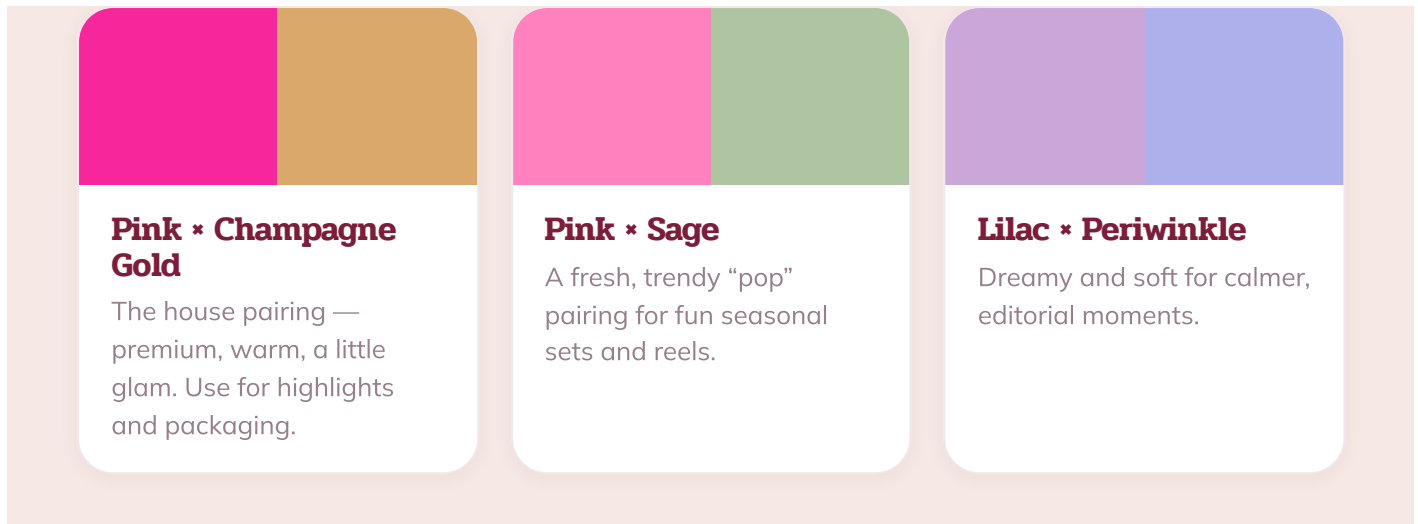

Gold 8%

Let cream and pink carry the look; wine grounds the type; gold is a sprinkle, never a base.

07 IMAGERY

Show the nails, keep it pink

Crisp, bright photos of finished sets — close on the hands, soft pink surroundings, lots of light. Real client sets > stock photos every time.

Shoot in daylight, edit bright and warm, avoid heavy filters that shift the polish color. Add a pink prop, fabric or flower for a consistent backdrop across the feed.

08 SOCIAL TEMPLATES

Looks right on the grid.
